

In your office, is the Internet a tool or a toy? DEFENDER™ can tell you!

DEFENDER™ Small Business Edition. **Easy to install. Easy to use.**

Introducing MineStream DEFENDER™
—a business Internet protection
system. No software installation
required. No configuration required.
Just plug it in, and it's ready to go.
Review all internet activity. Anytime.
Anywhere.

DEFENDER™ highlights and summarizes activity that YOU
deem inappropriate. Track internet activity for all employees.
DEFENDER records all e-mails, chats, website, and VOIP phone
calls. Review all activity—websites, protocols, on-line games,
e-mail/chat recipients and web content.
